

David M. Stirling Commemorative Day of Issue

On this Second Anniversary of his Passing
16Aug2008

David Miller Stirling (1932 - 2006), was the founder and first president of the Local Post Collectors Society. He also was a staunch member and supporter of the Cinderella Stamp Club (U.K.) and considered by many to be the world's foremost authority on local posts throughout the world. His dedication and long term contributions to the hobby of philatelic alternatives is duly recognized and greatly appreciated.

This commemorative stamp is issued in his remembrance on the second anniversary of Stirling's promotion to that great (local) post office in the beyond.
